

PROJECT #09-14 : WHIPPLE ROAD/ALVARADO-NILES ROAD PAVEMENT PROJECT

- **Project Description:** This project consists of surface repairs of failed portions of pavement, wedge grinding and full-width milling of existing pavement, overlaying one and a half inch (1.5") of new asphalt concrete, adjusting of manholes and monuments to the new pavement elevation, tree root barrier installation and installing new delineation, markers and striping in order to extend its service life and to improve ride quality.
 - **Project Limits:** Whipple Road (Dyer Street to Union City Boulevard) and Alvarado-Niles Road (Western Avenue to Osprey Drive)
 - **Traffic Delays:** Motorists will experience periodic delays during construction. At least one lane of traffic will be maintained in each direction during the project.
***Please note that due to heavy scheduling obligations, there will be periods of time when no work will occur on the streets. During these times, all lanes of traffic will open and there will be no construction-related traffic disruptions.
 - **Contractor:** O'Grady Paving, Inc., Mountain View, CA
 - **Construction Cost:** \$1,012,930.39
 - **Funding:** American Recovery and Reinvestment Act (ARRA) and Measure B Overlay Program
 - **Contract Award Date:** July 28, 2009
 - **Start Date:** September 11, 2009
 - **Estimated Completion Date:** October 16, 2009
 - **Project Schedule/Status:**
 - 9/11/09 – 9/15/09: Surface repairs of failed portions of pavement on Whipple Rd. and Alvarado-Niles Rd. Installation of root barriers on Alvarado-Niles Road.
 - Week of 9/21/09: Removal of existing thermoplastic markings tentatively scheduled to begin.
 - Week of 9/28/09: Wedge grinding and milling tentatively scheduled to begin.
 - Week of 9/28/09: Crack sealing tentatively scheduled to begin.
 - Week of 10/5/09: Asphalt overlay tentatively scheduled to begin.
 - Week of 10/12/09: Pavement striping and marking installation tentatively scheduled to begin,
- Schedule is subject to change due unforeseen factors such as weather or equipment failure.
